Together We Are Inspiring Life-Long Learners

SUPERINTENDENT'S CORNER

April, 2021

Good Morning!

This month is racing along. In one week, we will be taking a spring break and preparing for the final two months of this school year. I think it is important to have time to Rest and Reflect. This makes our upcoming days in school more focused and effective. Hopefully each family will be able to spend some quality time together. A wise person recently shared an important difference between the two words- "vacation" and "recreation". The word "vacation" gives you the sense of vacating or escaping your current situation. The word "recreation" gives you the sense of - re-establishing or growing something new. When we take breaks, it is good to take a short time to just stop and relax.... But if we want to become more effective and better support those around us- we need to come away and re-create ourselves. This spring break, let's make a newer, better version of our old selves. Rest, relax and then find new purpose and focus. It was good for me to hear this wisdom. Let's work together to finish well as we complete this challenging school year! Let's inspire each other to be *life-long learners*.

Miss Connie placed some new information on our bulletin boards in the foyer. This month is a time we celebrate contributions and achievements of women in American history. We are recognizing amazing people on our board (**Rosa Parks, Amelia Earhart, and Ruth Bader- Ginsburg**). What amazing people and contributors to our world! Take a few minutes and reflect on their courage, wisdom and contributions to our society. They definitely "re-created" their environments. That is what I am talking about!!

We had a successful conference week. Thanks to all the parents who prioritized this time and interacted with their child's teacher. Together, we can support students in their learning and help them to become big contributors within our community. We will be returning from our spring break on Monday, April 12th. See you then!!
