

Vision Statement

Index School is a place where compassionate lifelong learners are prepared for the ever changing workplace in a global community.

VISION / MISSION

The Index School District believes that children are:

Our future;

Are enthusiastic, lifelong learners; challenged to academic success; educated to the ever changing needs of the work place in a global community;
unique and capable of valuing themselves and diversity of others;
creative problem solvers;
individuals who can think ethically and clearly;
safe and nurtured;
whole healthy compassionate people;
partners with community, family, and friends;

Our School District is committed to an educational environment that:

has high expectations;
inspires a love of lifelong learning;
develops individuals who have a healthy self-regard;
values diversity;
is safe, nurturing and FUN;
rewards positive social skills
encourages natural curiosity;
is positive and respectful to self, others, and property;
encourages a cooperative spirit wherein a partnership of individuals is valued;
has curriculum that integrates high academic standards with hands on authentic learning by:

- providing for cultural enrichment;
- providing for individualized learning styles;
- encouraging problem solving;
- being experimental in nature;
- individualizing learning and assessment;
- encouraging a cooperative spirit;
- encouraging responsibility;
- being in harmony with the natural environment.
