*Together We Are Inspiring
Life-Long Learners*

Superintendent's Corner

January 2022

2022- Greetings everyone!

We are jumping into this new year with great expectations for an inspiring finish to this school year. So "What is new in 2022?"

Our desire as a staff- is to not only be an inspiration to our students... but our main focus is- to help each student be an inspiration to their classmates, family members, and those they meet each day.

The years keep racing by. For me, every year seems to be speeding up! I keep asking myself this question: *How will I help the people around me to feel honored, encouraged and inspired by the choices I make?* If we talk about New Years Resolutions.... Is there any resolution more critical than to invest our lives into the lives of other people?

I believe this school is a great place to inspire children- who, in turn, will be the leaders of the future. This is a critical investment for all of us.

We are running a Levy in February. *This Levy replaces an expiring Levy and is not a new tax. The school is actually asking for less than our previous levy.* We are asking for an estimated 45 cents per \$1000 of assessed property value. The previous amount was \$1.50 per \$1000 of assessed property value.

What is the Levy for? **The levy supports the following programs:** Early learning support, Nurse care, Special Education programs, Pupil transportation, Professional learning, Substitute teachers, Salaries and benefits, and Supplies and materials.

On our website, there is a document showing Frequently asked Questions about the Levy. The information is on our home page: [Website: Index school website]. If you have any questions regarding the upcoming levy, please give me a call at (360) 793-1330. Please vote!

Brad
