| Re: The extension of school bus mask requirement until April 19th |

Parents and guardians,

Last night the school board voted to extend the use of masks on the school bus for one more month. This will be done as a safety precaution for the community. The school bus is a smaller, more enclosed environment and we do not have any available substitute bus drivers.

We want to ensure that we can maintain transportation until the end of the school year. This extension will be reviewed at our next board meeting in April.

Thanks for your understanding as we attempt to navigate this process and work to keep our students and staff safe,

Brad
