

Title: **Expense Claim Certification and Approval**

Code: 6215

Section: 6000 - Management Support

Before expense claims are submitted to the board for payment, they will be audited and certified by the district's appointed auditing officer for accuracy and proof that the goods or services have been received and are satisfactory and that previous payment has not been made. The certification must be signed and dated by the auditing officer or their delegate.

[For first-class districts, add: In addition to the auditing officer, all accounts must be audited by a committee of board members chosen in whatever manner the board decides. No expenditure in excess of three hundred dollars may be paid out except in accordance with a written contract, except as otherwise provided by law.] Claims will be approved by a recorded affirmative vote of a majority of the board.

The board authorizes advance payment of a claim when a delay in payment would otherwise result in a penalty or late fee or an interest charge on the unpaid balance except that advance payment for goods or services to a single vendor in excess of \$_____ will not be permitted unless previously authorized by the board through a bid award or by action of the board at a preceding board meeting. The board will review and approve all such advance payments at its next regularly scheduled public meeting. In the event the claim is disapproved, the auditing officer and superintendent will cause the claims to be recognized as receivables and pursue collection diligently until the funds are collected or until the board approves the payment of those claims.

The auditing officer and the superintendent will each furnish an official bond, for not less than \$50,000 for the faithful discharge of such duties. The school district will purchase and pay for the surety bonds.
